5 Days Of Christmas For Your Marriage Devotional

This Week's reading plan:

Matthew 2 & Luke 2, Isaiah 53, John 19:2

Memory Verse:

Isaiah 53:5

Christmas is a time of celebration. In Matthew 2 and Luke 2 Mary and Joseph, the angels, the shepherds, the wise men, they all celebrated the birth of Jesus.

What do we believe is the importance of celebrating Christmas?

Do we take time to acknowledge the importance of Christmas?

The Christmas wreath is a decorative item that many people have up during the holiday season. It is round and it is made of branches twisted together. A wreath in many ways signifies the season, but the reason for the season is to celebrate and remember that a child name Jesus was born and came to save us. A wreath can symbolize the reason for the season as it resembles the crown of thorns that was pressed down upon the head of Jesus during His crucifixion.

What other symbols can you think of that celebrate the season of Christmas that can have a profound significance to the reason for the season? Think about Christmas trees, ornaments, candles, the aroma of apple cider and spices, or the presents that rest under the tree. What meanings can you consider about the traditions you use to celebrate Christmas?

Mary and Joseph had to trust God with each other's lives. They traveled together and they experienced parenting together.

Do we trust each other with our lives?

Do we lean on God to guide us through our life together?

In what ways can we trust God more and trust each other more as we face different circumstances this next year?

Jesus was prophesied about by Isaiah before He was born. Then He came and fulfilled what Isaiah had written about, He died for our transgressions and by His wounds we are healed.
